The fastest installation system yet!

Installation Tips & Tricks

Installing Scaf-Lite:

- Scaf-Lite Scaffold Sheeting is installed fast and efficiently from the inside.
- Scaf-Lite can be installed horizontally and vertically.
- The suggested installation of sheeting panels is to start from the bottom of the scaffold frame, moving upwards by overlapping panels. This will result in a "shingle effect," providing a durable weather enclosure.
- Horizontal installations provide maximum protection from harsh weather conditions resulting in a watershed and/or a wind deflector system.
- We suggest completely enclosing the scaffold with sheeting so wind and rain can not enter from the top, bottom, sides or behind the scaffold structure.
- Damages: Repair all damages or breaches ASAP.

Installing with Eagle Accessories:

- Bungee Ties should be secure tightly to the scaffold frame. (use double or triple wrap)
- Bungee Ties should attach at every point where the eyelet band intersects the scaffold structure, including cross braces, etc. (Max. attachments= max results)
- Bungee Ties and Screw Locks can be used to join multiple panels at the overlap.

* For bidding purposes, based in ideal conditions, installation should take roughly 6 man hours up and down (based on Man Hours per 1,000 sq. ft.)

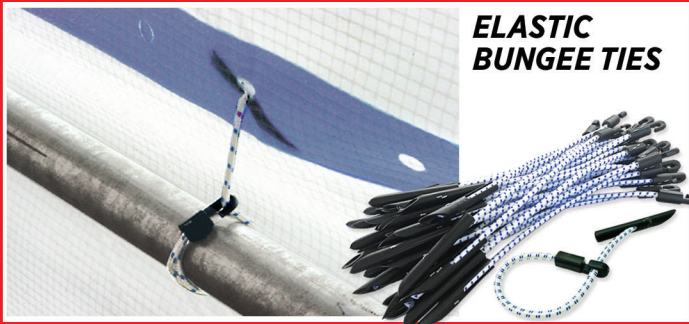

SCAF-LITE™ SHEETING

SL8 & SL12 SERIES

SCAF-LITE ACCESSORIES

ELASTIC BUNGEE TIES

- Join multiple panels at the overlap
- Suggested 200 bungee ties per roll (1,000 sq. ft.)

SCREW-LOCK CONNECTORS

- Join multiple panels at the overlap
- Suggested 100 screw lock connectors per roll (1,000 sq. ft.)

POLY SEAM TAPE

- Used to overlap seams for a completely sealed project
- Ideal for temporary heating, negative pressure applications, environmental protection, winterization, etc.

INDUSTRIAL ZIPPER DOORS

- Zipper doors are made of durable, clear vinyl and may be used to enter and exit the scaffold enclosure

Scaf-Lite Sheeting is proven to SAVE TIME, LABOR, and IMPROVE JOBSITE EFFECIENCIES.

SCAF-LITE™ ACCESSORIES			
PRODUCT	SIZE	ITEM #	CASE QTY
BUNGEE TIES	12" LENGTH	A-BUNGEE	1,000 EACH
7 MIL WHITE TAPE	2" X 180' ROLL	TAPE-P7WHT2	24 ROLLS
7 MIL WHITE TAPE	4" X 180' ROLL	TAPE-P7WHT4	12 ROLLS
7 MIL WHITE TAPE	6" X 180' ROLL	TAPE-P7WHT6	8 ROLLS
9 MIL WHITE TAPE	4" X 180' ROLL	TAPE-P9WHT4	12 ROLLS
9 MIL WHITE TAPE FR	4" X 180' ROLL	TAPE-P9WHT4-FR	12 ROLLS
SCREW LOCK CONNECTOR	1" DIAMETER	A-SCREWLOCK	500 EACH
ZIPPER DOOR	54" X 72"	A-ZIP5472-CLR-FR	1 EACH
VELCRO DOOR	54" X 72"	A-VEL5472-CLR-FR	1 EACH
