## REINFORCED DUMPSTER LINER

DL SERIES

## REINFORCED LINER DRAWSTRING BORDER

- Woven coated reinforced poly liner
- 6 mil thickness
- 8 x 8 weave tarpaulin fabric
- Form-fitted with reinforced edges & corners
- Built-in drawstring rope border
- Used to line dumpsters, containers, rail cars
- Liner sizes: 22' x 8' x 8' and 22' x 8' x 12'

## APPLICATIONS & BENEFITS

- Easy to install and remove
- Drawstring secures liner in place during loading or windy conditions
- Reinforced plastic helps contains debris & waste
- Excellent leak protection
- No tape or tie-down straps required
- Roll off containers, dump trailers, box cars, etc.
- Containment for abatement, demolition & debris
- Extends the life of the container
